Three ways to Issue An Alert

- 1. Professor Home:** On the right hand side of the professor homepage, click Submit an Alert. When using this method a student must be selected using a name or student ID to search for them. The alert dialogue box also asks for the reason(s) the student needs assistance, users will choose from a pre-set list of reasons that the SSC Leadership Team has created. Progress Reports

Filling Out Progress Reports: As a faculty member you will receive an email during the semester prompting you to provide feedback on students in your courses. The email will be similar to the below:

Student Feedback Request

Dear Professor Lynch,

Faculty - please fill out a progress report for your course.

[Click to Begin Entering Student Feedback](#)
The link above expires on 11/30/2016. If you would like to provide feedback after the expiration above, please contact your administrator.

If you have trouble with the above link, copy and paste this address into your browser:
<https://kirsten.gradesfirst.com/e/jZ05hZMybE>

By clicking on the link within this email you will be taken to a web page that displays the courses you teach and the class roster for those courses. You will be asked to report on whether the students are at risk to fail your course and why; you are able to provide as many reasons as apply. You are then able to provide optional information on the absences and grades of the student as well as share any additional context.

Only those students for whom you are concerned about need to be marked, the un-marked students can be submitted as not at-risk in the course by clicking the blue button at the bottom of the screen once finished.

Student Feedback

**Your information is secure.**
Security measures allow your school to adhere to government rules and regulations concerning FERPA and overall student privacy. Thank you!

Professor Lynch:
You have been asked to fill out progress reports for students in the following classes. Update each student based on your best knowledge of their performance at this point in the term.

Student Name	At-Risk to Fail Your Class?	Alert Reasons (You must choose at-least one if the student is at risk)	Absences	Grade	Comments

Submit only marked students (but I'm not done)

This button will submit students you have marked as being complete (effectively removing them from your list of students). However, the students you have not marked will remain on your list. As a result, you can re-use the link in the progress report email, at any time, to continue marking the rest of the students in your classes. Repeat this process until all students have been marked in some form or fashion.

Submit unmarked students as not At-Risk (I'm all done)

This is your "I'm all done" button. It will submit the students you have marked as you indicated. It will also submit the rest of your students as not at-risk. For example, if there are ten students in your course and only two of them are at-risk, you don't have to mark them all. You can mark the two at-risk students and then use this button to mark the remaining students as not at-risk, therefore saving time and effort. Please use this button carefully because with just a single click, it will totally complete your progress report campaign.

Message a Student

Home: From any Home screen with either students assigned or students enrolled in a course, messages can be issued by selecting the box beside the student's name(s) and choosing the Send Message option from the Actions dropdown. When using this method the student's name and therefore institution-specific email address will be auto-filled in the dialogue box.
