

DIRECT "CASH" PAYMENT FOR HEALTHCARE

Working with Asserta Health

- ✓ No confusing bills.
- ✓ Lower out of pocket costs.
- ✓ Step by step guidance from your personal concierge..

Meet Janet

Last year she got a knee replacement. She was careful to use providers that accepted her health plan. And while the procedure went great, she had a horrible experience managing the payment process. She received dozens of bills - some from providers she didn't even recognize.

She wasn't sure which bills to pay and eventually paid \$3,000 more than the \$550 her plan told her she would have to pay. It took nearly 6 months to work through all the bills.

This year Janet needed to get her other knee replaced and she chose to use Asserta Health. She worked with her Asserta Health concierge to select high value providers and her concierge arranged to pay her full bill when she received services.

The Asserta Health concierge put Janet at ease. Both Janet and her health plan saved thousands of dollars and this time Janet didn't have to worry about a single bill. Her plan saved so much money they waived her cost sharing and she still got to choose a great surgeon.

Janet is one of the happy employees who used Asserta Health to save money for herself and her health plan. And this time she was free to focus her effort and energy on her recovery.

**Up to \$500 Incentive as a
Cigna or Silver Plan Member**

**Waiver of all out-of-pocket
costs as a Bronze Plan Member**
