

What the Hive Offers

Our advocates are here to help members understand their plan, locate in-network providers, and navigate toward affordable options. From scheduling appointments to sourcing high-cost medications, The Hive ensures members receive the support they need at every step.

Additionally, by using Deerwalk analytics, The Hive identifies cost-saving opportunities within claims and pharmaceutical data, helping clients manage risk and improve health outcomes. Through preventive care, treatment compliance, and service appropriateness, The Hive turns data into actionable insights.
