FIGHT

If the shooter enters your area, you will be faced with a difficult decision. Will you freeze or will you fight?

If you choose to fight, plan ahead.

Stand near the door – not across the room.

If you are close to the shooter, you may have the element of surprise on your side.

If you are far away, you are likely to become a target.

Go for the gun. Don’t let it go, and point it away from people.

Fight for your life!

This is not a fair fight!

Use improvised weapons, gouge eyes, bite, kick and pull hair.

RUN

Get away from the danger area.

If no door is available, make one.
Break a window if necessary.
Alert others to the danger and take them with you.
When you arrive at a safe area, call 911.

Tell the Dispatcher All You Know

Your specific location if known
Location of the shooter if known
Number of shooters
Race and gender
Clothing style and color
Physical features
Types of weapons (handguns, rifles, shotguns, explosives, edge weapons)
If you recognize the shooter(s), give name and any known information about them.

HIDE

Become Invisible

If you cannot get out of the building, get into a classroom, bathroom or office.
If possible, allow others to shelter with you.
Lock and barricade the door with available heavy objects such as desks, furniture and cabinets.
Turn off lights and cell phones.
Get down on the floor behind any available solid cover.
Stay away from doors.
Stay on the floor and remain calm and quiet.
Do not open the door unless you are absolutely certain that the police are directly requesting you to do so.
