- Meeting in campus in Germany- expanding

Parking question from the floor\_ Different pricing on sudden change for parking permits

Parking fees increased 4%

Residence life increase to shift cost

We have enough spaces for students to part at even peak points

Consider reasonable proposal about ideas about parking

\_Transitioning from D1 there is problems with wellness center because of booking and always full

Expanding one more floor for recreation space and wellness classes

Limit outside use amount

\_New fencing center at St. Anthony's

We will be establishing a university fencing sport next fall

That facility is number one in any university in the country

12:22 Floor open for faculty

\_ new ceramics facility any additional funding for new equipment

faculty developing list for needs and those requests will be submitted so that budgeting can be added for that facility

budget processing for next year in the spring

\_almost done with marian hall

changed way it looks/menu/chef

cleaner safer environment

hortencias change space to be more efficient

additional changes to finnigans

dining services more interesting and approachable for students

hours: extending?

Enhancing meal plans

Go buy meal points at business office or online and receive discount

Allergic reaction in chick-ful-a- student concern

\_Library hours request on 24 hours like other libraries

Surveys have been conducted

One or two students would show up

\*during finals week\*

lobby at least stay open for study space

add computers to library

media and study space added to new student center specifically for studying

\_introduction on new student center

no more marian hall no housing

focus on student engagement

recreation focus

dining

study space

relaxation space

social space

limited in terms that it was built so long ago

space for clubs and organizations to have offices

storage for organizations

alternative to dining hall

bistro?

One stop for commuters and residents

Estimated \$20 million

Building out and up

At least 3 stories

Student support services

Not an office building

Making sure there is technology there

Centerpiece of campus and willing to invest on it

One large meeting area

Kitchen and dining hall will still be in operation during construction

Additional practice facilities

\_branding changing logos to happen by the end of the year

cardinal merchandise

1500 products at southland conference.org

locally tumblrs at bed bath and beyond

challenge to get into academy, walmart, heb

go into store and ask for uiw cardinal to manager

when they have enough request the manager will invest if theres a market

hear more by email

developing alumni culture

\_fountain in front of AD is turned off

breaks down frequently

shut it off because of drought

high maintance

needs to be cleaned out
