

**SPECIAL NOTICE**  
**Writing Support: Summer I 2020**

The Writing and Learning Center's on-campus space is closed for the time being, but some of our team members are still available for writing consultations in an online format. To schedule a writing session, UIW undergraduate students should reach out over email: [wlc@uiwtx.edu](mailto:wlc@uiwtx.edu). The appointment will be scheduled in Zoom, and students will receive a link to access the session.

**How does writing tutoring work on Zoom?**

Once connected to the session, students can discuss their assignment with the tutor and use the screen share feature to show any relevant materials: instructions, essay draft, notes, outline, etc. Equipped with this information, the tutor can ask questions and provide feedback, just as they would in a typical in-person meeting.

Please don't hesitate to reach out to us with any questions or concerns. See you online!
